ABOUT THE EVENT

Parents, partners, siblings, children – when a loved one has an eating disorder, anyone can find themselves in the role of “carer”.

At Frontline, you’ll connect with other people who know what you’re going through. You’ll gain an understanding of eating disorders from experts by experience and profession. And you’ll learn about how you can best support your loved one and look after yourself.

FORMAT OF THE EVENT

This conference will take place virtually and we have an exciting programme planned. Sessions will also be recorded, so that you are able to watch the content for up to a month after the workshop has finished.

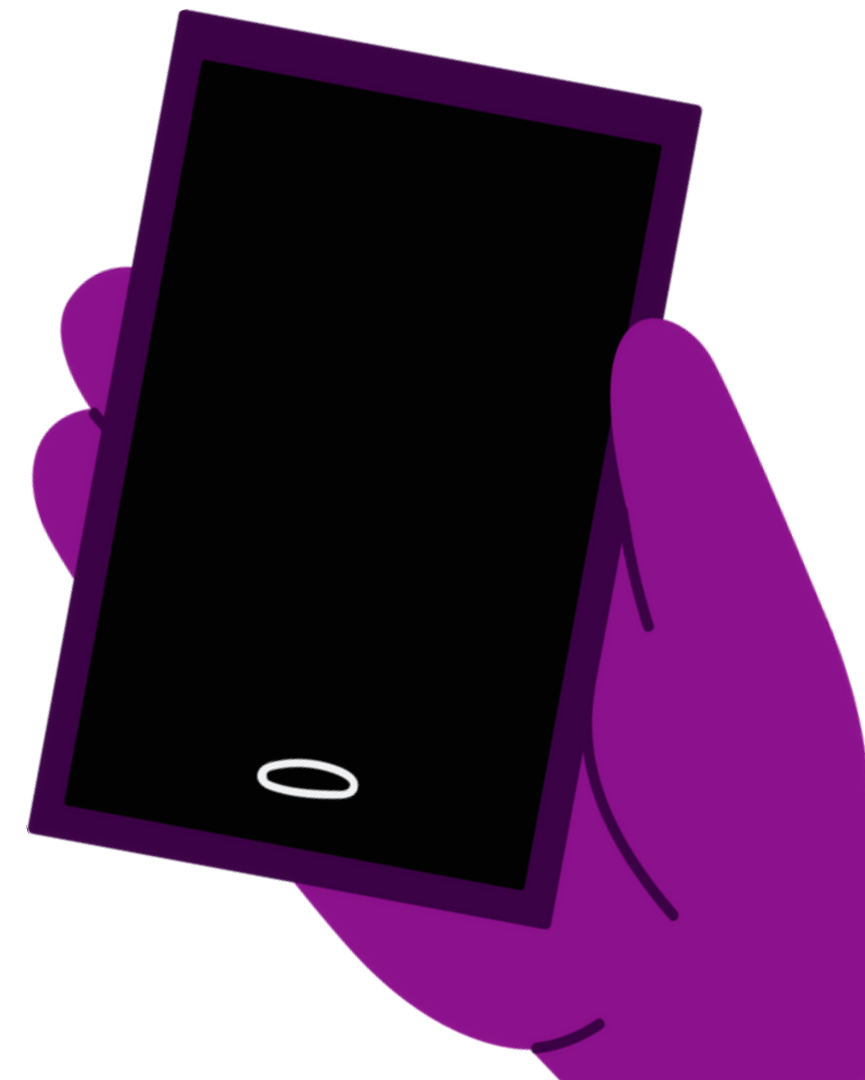

You can access the recordings using the same link you use to access the conference for live sessions.

VIRTUAL CONFERENCE PLATFORM

For the best audience experience, we recommend using a laptop or PC to view the workshop sessions and to interact however the platform is available on all devices including android, iOS, Windows and Blackberry. To access this platform please enter the following address into your internet browser.
